#### Braintree Academy

Graduation Rate: 95.79%

#### Graduate Placement Rate:

This statistic is verifying the graduate is working 32+ hours per week. We are unable to obtain and certify how many hours a graduate works per week as some may be independent contractors who work in a salon, may work in a mobile salon or work a variety of hours on different weeks. Therefore, based on the definition of verifying 32 hours per week for employment, our Placement Rate is: 0%

#### Employment Statistics:

Employment statistics substantiating these placement rates are available for inspection upon request. Please feel free to ask questions. We have done our best to provide you with information the Commonwealth of Massachusetts would like you to know. If we have not provided you information, we will do our best to obtain the information for you. Remember to do all of this before you enroll.
